Subject: Notice of Intent to Terminate State Operating Permit No. SOP-09046
Ana Marie Torres; Authorization for Pump and Haul Sewerage System
4073 Lavergne Counceville Pike
Davidson County, Parcel ID 16500006400

Dear Ms. Torres:

This letter is to inform you that the Division of Water Resources (the division) intends to terminate the above referenced permit. According to information from the division's personnel from Nashville Environmental Field Office and from information available from the Davidson County property assessor's office, you no longer own the property where this sewerage system is located. This permit was issued to you in order to authorize an activity prescribed in a legal action against you by Metro Nashville for your operation of a failing septic system. The permit was not transferrable.

A 30-day public comment period must precede termination and you will be notified at the close of the comment period of the division's action. The notice affords the public an opportunity to request a public hearing on this proposed permit action.

If you have questions, please contact the Nashville Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Mr. Wade Murphy at (615) 532-0666 or by E-mail at Wade.Murphy@tn.gov.

Sincerely,

Vojin Janjić
Manager, Water-Based Systems
